

Each Member

27th February 2018.

A number of Private Hospitals and in particular the **Mater Private Hospital** are mounting extensive advertising campaigns in many forums for various Health Screening Special Offers including Vascular Health Screening Programmes which can cost from €200 to €750.

Members are regularly querying what cover is provided – so in the interests of clarity and for the avoidance of disputes with our members - **The Society does not and never has provided assistance for any kind of health screening type services in any hospital or facility.** Members should be aware that they can incur substantial bills for these type of services.

This email is sent to all members to hopefully avoid confusion/disputes with our staff on these issues.
