So, if your prescription costs €80, you pay Healthwave €20 and GMA pays the remaining €60. If your prescription is at the maximum under the **Drugs Payment Scheme** of €124 per month from January 2019, you pay Healthwave €64 and GMA pays €60 directly to them.
- You can pay Healthwave by bank card, direct debit, cheque or cash for that part of your prescription charge not covered by the Society.
- **Introductory Offer** – if you sign up before 31.3.2019 - Healthwave will absorb the first €20 of your prescription fee for the first **Three Consecutive Months** after joining which means you will have no charge if your prescription is €80 or less for those first three months – a further saving of €60.
- **Further Offer** – Healthwave will credit your account with them in the sum of €25 for every non-Garda person such as a relative, neighbour or friend you introduce to their prescription service.
- If you occasionally require an urgent prescription, Healthwave will deliver it the next day if you cannot collect it or you can have it filled in your local pharmacy and submit the bill to GMA as normal and you will receive any remaining benefit due to you.

In order to avail of this service, register your interest on line at www.healthwave.ie/garda or ring on a dedicated phone line 01- 5310368. A pharmacist will meet you at the pharmacy or contact you for a phone consultation to assess your prescription requirements and set up the necessary arrangements. In the unlikely event that you request a home visit by the pharmacist, there is a €25 call out fee.
